BE SOCIAL

The *Be Social* program teaches **social thinking skills** such as perspective taking, and interpreting and responding to verbal and non-verbal communication.

A yellow speech bubble with three horizontal blue lines inside.An orange speech bubble with a blue wavy line inside.A light green document icon with three horizontal blue lines and a small red spiral binding on the left side.

10 WEEK INDIVIDUAL PROGRAM
that leads to a small group program.

Able2's vision is for our clients to live good lives in an inclusive community. *Be Social* contributes to that by giving participants the confidence to engage positively with, and feel part of, their communities, workplaces and peer groups.

"I feel more confident talking to the kids at school. Be Social has helped me heaps."

Ryan

BE SOCIAL

Be Social helps young people to **feel comfortable** in social situations and more **aware** and **responsive** to what is happening around them.

Be Social allows kids to learn the skills that make them feel more confident in social situations and make friends.

Elaine, Be Social Therapist

We can also help with:

- Support Co-ordination
- Early Intervention
- Plan Management
- Positive Behaviour Support
